

CORRECTION : DR GORE ON THE 'SUCCESSION' IN
CLEMENT.

DR GORE writes that Dr Whitney is mistaken in supposing (JOURNAL July 1921 p. 412) that there is any difference between Prof. Turner and himself as to the nature of the 'succession' spoken of by Clement. 'Where I speak of "bishops" on p. 283 I am (plainly) speaking of bishops (and deacons) as they appear in Clement, i. e. of the presbyter-bishops. No doubt Clement implies that certain distinguished men had succeeded by apostolic appointment to the apostolic function of appointing these presbyter-bishops, but he does not speak of this as a "succession".'
