

Theses

In the three issues of Vol. 13, we listed theses published up to mid-1983 (the earliest is dated 1930). From Vol. 14 onwards, we are supplementing and updating this list regularly.

For ease of reference, the list has been subdivided according to subject, and the authors are listed by surname in alphabetical order. In this issue we publish the following categories: Christian-Marxist dialogue, Religious View of Marxism, Marxism on Religion, Marxism as Religion, and Atheism.

Some titles appear in more than one section; these are indicated by an asterisk. All theses are for the PhD degree unless otherwise indicated. In a few cases, a short explanation of the thesis title has been added if its relevance to the section in which it is included is not immediately obvious. The abstract number appended to each entry refers to *Dissertation Abstracts International*; the items refer to the volume, issue and page number of a particular abstract.

This list has been compiled by Dr Mark Elliott, who retains full rights. The author wishes to thank Professor William Toll and Miss Cindy Zanzow of Asbury College, Kentucky, for their assistance with computer programming. The author would appreciate readers' corrections and additions.
